THE CONCERT IN WARRENTON. - Speaking of the late successful concert in Warrenton, the Warrenton Index pays the following compliment to one of our young citizens:

"We feel it both a duty and a pleasure, to Wheat, of Alexandria, under whose auspices it was conducted and to whose energy, zeal and activity the ladies of the Memorial Association are indebted for the success that crowned the occasion. Mr. Wheat is a gentleman of refinement and intelligence, urbane in manners and of high social qualities, and during his short stay in our midst made many warmly attached triends, who deeply regret the necessity of his as for immediate powerful effect upon land, it ideparture before the termination of the festive has no equal. season. As a musician, we rank him second to none we have heard, but the celebrated Thalberg. In the ease and grace of his execution, appropriateness of taste and the fullness and richness of expression of his notes, he proved himself a perfect master of the grand piano whose mellow tones swelled and rolled through the Hall. It gives us pleasure to return to him the thanks of those interested in the Concert for the gratification he has afforded.'

MODERNIZED QUAKERS. - The curious form of transformation by which the Quakers of this country are gradually losing many, if not most from first cost. of their distinctive features, seems to be also in progress among the English Quakers. Among these indications is the appearance in England of pamphlets, essays, and letters, written by and repairing Pianos, Melodeons, &c., and still members of the society, which are decidedly unorthodox in tone and matter. The headquarters of the new school are at Manchester, but representatives are scattered here and there over the whole country. At the yearly meeting the conservatives are largely in the majority, but at a late meeting at Manchester, at which the propriety of expelling a heretic came up for consideration, while twenty-seven spoke for his expulsion twenty-four spoke in his defence, and nothing was done. If you stand near and talk to it it will remain perfectly quiet till you happen to pronounce the "s,'d then down she goes. As yet it is an unexplained curiosity, and the only practical application proposed is that it should be used by anxious mothers to sound the number of kisses between the young folks in the parlor; for kisses are articles of which it seems to be peculiarly afraid. - Nashville Banner.

COUNT SPONNECK, the confidential adviser of the King of Greece, is a gentleman of fifty, possessed of extraordinary presence of mind. When he first went to Greece he had with him on board the steamer a powerful Newfoundland dog, to which he was much attached .-The dog one day fell overboard, and Count Sponneck asked the Captain of the vessel to have the engines stopped that his dog might be saved. "Your excellency," replied the captain, "my instructions are to stop only when a man has fallen overboard." "Verywell," said the Count, who is an excellent swimmer, and jumped overboard. The steamer stopped, and both the Count and his dog were, five minutes afterward, again on board.

The fight between the bricklayers of New York and the master masons continues, there being apparently no disposition to yield on either side. At a meeting of the master masons on Friday afternoon the original resolution to adhere to ten hours as a legal day's work was reaffirmed.

The New Orleans Picayune claims for Tennessee, in contra-distinction to New York, the wickedest man in America, in the person of its amiable Governor.

Mrs. I. B. Phillips died at Paterson, N. J. last week. She was leading lady of the stock company at the Richmond Theatre for several consecutive seasons, prior to the war.

Late Arizona advices state that heavy rains prevailed in that section. In the latter part of July a water spout occurred in Yunia county, doing great damage. Two freight trains were destroyed. The mail-carrier between La Pas for sale by and Prescott lost his mails in the flood.

It is stated that a malarious fever, of a malignant type, has broken out at York, Pa., especially in that section east of Main street bridge, and a large number of persons (one account says hundreds) are down with it. Dr. John Hay, a leading physician died of the disease on Wednesday.

A fearful earthquake took place in Callao ou the 13th ult., which lasted seven minutes. No lives were lost, but many houses were injured. At 7 P. M. the sea retired for one hundred yards; on returning, the water rose ten feet

above the usual level. In recent changes at the Executive Mansion Mr. W. W. Worden has been made assistant private secretary, and is now performing the duties of the latter office.

DR. JOHNSON has discovered the most Certain, Speedy, and only Effectual Remedy in the World for Weakness of the Back or Limbs. Lungs, Stomach, or Bowels—those Terrible Disorders arising from Solitary Habits of Youth—secret and solitary practices more futal to their victims than the song of Syrens to the Mariners of Ulysses, blighting their most bril liant hopes or anticipations, rendering mar

riage, &c., impossible. YOUNG MEN, Especially, who have become the victims of solitary vice, that dreadful and destructive habit which annually sweeps to an ultimely grave thousands of Young Men of the most excellent talents and brilliant intellect, who might otherwise have entranced listening Senators with the thunders of eloquence, or waked to estacy the living lyre, may call with full confidence.

MARRIAGE. Married Persons, or Young Men comtemplating marriage, being aware of Physical Weak-ness, Organic Debility, Deformities, speedily

He who places himself under the care of Dr J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

ORGANIC WEAKNESS

Immediately cured and full vigor restored. This distressing affection, which renders lite miserable and marriage impossible, is the penalty paid by the victims of impropriety.-Young persons are too apt to commit ex-cesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent? Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The System becomes deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervous Irritability of the Heart, Indian ty, Dyspepsia, Palpitation of the Heart, Indi gestion, Constitutional Debility, and Wasting of the Frame, Consumption, Decay and Death

DR. JOHNSON, Mamber of the Royal College of Surgeons London, Graduate of one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of wind

were cured immediately. TAKE PARTICULAR NOTICE. Dr. J. addresses all those who have injured themselves by improper indulgence and soli-tary habits, which ruin both body and mind, unfitting them for either business, study, socie ty or marriage. These are some of the sad and melancholy effects produced by early habits of youth, viz Weakness of the Back and Limbs, Pains in the

Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Neryous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c. MENTALLY.—The fearful effects on the mind are much to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Averson to Society, Self Distrust, Love of Solitude, Timidity, &c., are some of

the evils produced: Thousands of persons of all ages can now judge what is the cause of their declining health losing their vigor, becoming weak, pale, ner-vous and emaciated, having a singular appearance about the eyes, Cough, and Symptoms of Consumption.

YOUNG MEN,

Who have injured themselves by a certain practice, indulged in, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and, if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately. What a pity that a young man, the hope of his country, the pride of his parents, should be

snatched from all prespects and enjoyments of life by the consequence of deviating from the path of nature, and indulging in a certain secret habit. Such persons must, before contem-MARRIAGE, reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these the journey through life becomes a weary pilgrimage; the

prospect hourly darkens to the view, the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with your own.

DISEASES OF IMPRUDENCE.
